### **Approval basis**

Product categories: Welded pressure vessels class I and II  
Activity categories: Design, fabrication and testing.

The following processes are outsourced as and when required;  
NDT; Zakład Remontów Kotłowni, Zbiorników Ciśnieniowych I Dzwignic Bozydara 11, 75-671 Koszalin.

Surveyor may decide to visit the subcontractor as a part of Approval survey.

For the use of permanent backing strips, please follow DNV GL Rules for Ships Pt.4 Ch.7 Sec.7 [2.2.2].

### **Certificate Retention Survey**

The approval is valid for four years. To maintain the approved status, the manufacturer must be re-inspected every four years. Application for renewal should be made not later than three months before the expiry date of the certificate.

Any alteration to the approved condition during the period of validity, e.g. method of manufacture, maximum dimensions or conditions of supply, is to be reported to the Society. A re-inspection and/ or re-testing may be required when deemed necessary by the Society.
